

## Company Redundancy Policy Template

In the event of redundancies, our company is committed to following a fair and transparent process. We understand the impact that redundancies can have on employees and strive to handle these situations with sensitivity and professionalism.

Our policy outlines the steps that will be taken when redundancies are necessary, including consultation with affected employees, consideration of alternative roles within the company, and providing support throughout the process.

For more information on our company redundancy policy, please refer to our official company handbook [\[here\]\(link\)](#).

We are here to support you during this challenging time and encourage open communication throughout the redundancy process.
